

# **Safety Data Sheet**

# Mannitol (D-)

# **1. PRODUCT AND COMPANY IDENTIFICATION**

Product Name: Mannitol, (D-)

Synonyms/Generic Names: Mannite

Product Number: CP-A2050D, CP-N2050D, CPB-M22080-(500GM, 1KG, 3KG, 5KG)

Product Use: Industrial, Manufacturing or Laboratory use

Manufacturer: ChemPure Brand Chemicals 39103 Warren Road Westland, MI 48185

For More Information Call: 734-729-1805 (Monday-Friday 8:00-4:30)

In Case of Emergency Call: CHEMTREC - 800-424-9300 or 703-527-3887 (24 Hours/Day, 7 Days/Week)

### 2. HAZARDS IDENTIFICATION

OSHA Hazards: No known OSHA hazards.

Target Organs: None

Signal Word: None

Pictograms: None

**GHS Classification:** 

| None |  |  |  |
|------|--|--|--|
|      |  |  |  |

GHS Label Elements, including precautionary statements:

#### Hazard Statements:

| None                |         |
|---------------------|---------|
| Precautionary State | ements: |
| None                |         |

#### **Potential Health Effects**

| Eyes       | May cause eye irritation.                                        |  |
|------------|------------------------------------------------------------------|--|
| Inhalation | May be harmful if inhaled. Causes respiratory tract irritation.  |  |
| Skin       | May be harmful if absorbed through skin. Causes skin irritation. |  |
| Ingestion  | May be harmful if swallowed.                                     |  |

NFPA Ratings 141

| J-              |               |  |

### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Component      | Weight % | CAS #   | EINECS# /<br>ELINCS# | Formula | Molecular<br>Weight |
|----------------|----------|---------|----------------------|---------|---------------------|
| Mannitol, (D-) | 100      | 69-65-8 | 200-711-8            | C6H14O6 | 182.17 g/mol        |

## **4. FIRST-AID MEASURES**

| Eyes       | Rinse with plenty of water for at least 15 minutes.                                         |
|------------|---------------------------------------------------------------------------------------------|
| Inhalation | Move casualty to fresh air and keep at rest. If breathing is difficult, give oxygen. If not |
|            | breathing, give artificial respiration.                                                     |
| Skin       | Flush with plenty of water and wash using soap.                                             |
| Ingestion  | Do Not Induce Vomiting! Never give anything by mouth to an unconscious person. If           |
|            | conscious, wash out mouth with water.                                                       |

### **5. FIRE-FIGHTING MEASURES**

| Suitable (and unsuitable)<br>extinguishing media                                                                                                                    | Product is not flammable. Use appropriate media for adjacent fire. Cool containers with water.        |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------|
| Special protective equipmentWear self-contained, approved breathing apparatus and fulland precautions for firefightersclothing, including eye protection and boots. |                                                                                                       |
| Specific hazards arising from the chemical                                                                                                                          | Emits toxic fumes (carbon oxides) under fire conditions. (See also Stability and Reactivity section). |

## **6. ACCIDENTAL RELEASE MEASURES**

| Personal precautions,<br>protective equipment and<br>emergency procedures | See section 8 for recommendations on the use of personal protective equipment.                                                                                                                 |
|---------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Environmental precautions                                                 | Prevent spillage from entering drains. Any release to the environment                                                                                                                          |
|                                                                           | may be subject to federal/national or local reporting requirements.                                                                                                                            |
| Methods and materials for                                                 | Pick up and arrange disposal without creating dust. Sweep up and place                                                                                                                         |
| containment and cleaning up                                               | in suitable, closed containers for disposal. Clean surfaces thoroughly with water to remove residual contamination. Dispose of all waste and cleanup materials in accordance with regulations. |

# 7. HANDLING AND STORAGE

### Precautions for safe handling

See section 8 for recommendations on the use of personal protective equipment. Use with adequate ventilation. Wash thoroughly after using. Keep container closed when not in use. Avoid formation of dusts.

#### Conditions for safe storage, including any incompatibilities

Store in cool, dry well ventilated area. Keep away from incompatible materials (see section 10 for incompatibilities).

### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Occupational exposure controls:** Contains no substances with occupational exposure limit values.

#### Personal Protection

| Eyes       | Wear chemical safety glasses or goggles.                                               |  |
|------------|----------------------------------------------------------------------------------------|--|
| Inhalation | Provide local exhaust, preferably mechanical. If exposure levels are excessive, use an |  |
|            | approved respirator.                                                                   |  |
| Skin       | Wear nitrile or rubber gloves, apron or lab coat.                                      |  |
| Other      | Not Available                                                                          |  |

#### Other Recommendations

Provide eyewash stations, quick-drench showers and washing facilities accessible to areas of use and handling.

### 9. PHYSICAL AND CHEMICAL PROPERTIES

| Appearance (physical state, color, etc.)    | Solid.                              |
|---------------------------------------------|-------------------------------------|
| Odor                                        | Not Available                       |
| Odor threshold                              | Not Available                       |
| pH                                          | 5.0 - 6.5 at 182 g/L at 25°C (77°F) |
| Melting point/freezing point                | 166°C (330.8°F)                     |
| Initial boiling point and boiling range     | Not Available                       |
| Flash point                                 | Not Flammable                       |
| Evaporation rate                            | Not Available                       |
| Flammability (solid, gas)                   | Not Flammable                       |
| Upper/lower flammability or explosive limit | Not Explosive                       |
| Vapor pressure                              | Not Available                       |
| Vapor density                               | Not Available                       |
| Density                                     | 1.52 (Water = 1)                    |
| Solubility (ies)                            | Soluble in cold water.              |
| Partition coefficient: n-octanol/water      | Not Available                       |
| Auto-ignition temperature                   | Not Available                       |
| Decomposition temperature                   | Not Available                       |

## **10. STABILITY AND REACTIVITY**

| Chemical Stability                 | Stable                   |
|------------------------------------|--------------------------|
| Possibility of Hazardous Reactions | Will not occur.          |
| Conditions to Avoid                | Not Available            |
| Incompatible Materials             | Strong oxidizing agents. |
| Hazardous Decomposition Products   | Carbon oxides.           |

# **11. TOXICOLOGICAL INFORMATION**

| Acute Toxicity |                                |
|----------------|--------------------------------|
| Skin           | Not Available                  |
| Eyes           | Not Available                  |
| Respiratory    | Not Available                  |
| Ingestion      | LD50 Oral - rat - 13,500 mg/kg |

### Carcinogenicity

| IARC  | No components of this product present at levels greater than or equal to 0.1% is identified |
|-------|---------------------------------------------------------------------------------------------|
|       | as probable, possible or confirmed human carcinogen by IARC.                                |
| ACGIH | No components of this product present at levels greater than or equal to 0.1% is identified |
|       | as a carcinogen or potential carcinogen by ACGIH.                                           |
| NTP   | No components of this product present at levels greater than or equal to 0.1% is identified |
|       | as a known or anticipated carcinogen by NTP.                                                |
| OSHA  | No components of this product present at levels greater than or equal to 0.1% is identified |
|       | as a carcinogen or potential carcinogen by OSHA.                                            |

### Signs & Symptoms of Exposure

| Skin        | Irritation, itchiness.        |
|-------------|-------------------------------|
| Eyes        | Irritation, itchiness.        |
| Respiratory | Irritation, coughing.         |
| Ingestion   | Irritation, nausea, vomiting. |

| Chronic Toxicity                      | Not Available |
|---------------------------------------|---------------|
| Teratogenicity                        | Not Available |
| Mutagenicity                          | Not Available |
| Embryotoxicity                        | Not Available |
| Specific Target Organ Toxicity        | Not Available |
| Reproductive Toxicity                 | Not Available |
| <b>Respiratory/Skin Sensitization</b> | Not Available |

# 12. ECOLOGICAL INFORMATION

| Ecotoxicity          |               |
|----------------------|---------------|
| Aquatic Vertebrate   | Not Available |
| Aquatic Invertebrate | Not Available |
| Terrestrial          | Not Available |

| Persistence and Degradability | Not Available |
|-------------------------------|---------------|
| Bioaccumulative Potential     | Not Available |
| Mobility in Soil              | Not Available |
| PBT and vPvB Assessment       | Not Available |
| Other Adverse Effects         | Not Available |

# **13. DISPOSAL CONSIDERATIONS**

| Waste Residues | Users should review their operations in terms of the applicable federal/national or local regulations and consult with appropriate regulatory agencies if necessary before disposing of waste product container or residues. |
|----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product        | Users should review their operations in terms of the applicable federal/national or                                                                                                                                          |
| Containers     | local regulations and consult with appropriate regulatory agencies if necessary                                                                                                                                              |
|                | before disposing of waste product container.                                                                                                                                                                                 |

The information offered in section 13 is for the product as shipped. Use and/or alterations to the product may significantly change the characteristics of the material and alter the waste classification and proper disposal methods.

## **14. TRANSPORTATION INFORMATION**

| US DOT           | Not Dangerous Goods |
|------------------|---------------------|
| TDG              | Not Dangerous Goods |
| IMDG             | Not Dangerous Goods |
| Marine Pollutant | No                  |
| IATA/ICAO        | Not Dangerous Goods |

# **15. REGULATORY INFORMATION**

| TSCA Inventory Status     | All ingredients are listed on the TSCA inventory. |
|---------------------------|---------------------------------------------------|
| DSCL (EEC)                | All ingredients are listed on the DSCL inventory. |
| California Proposition 65 | Not Listed                                        |
| SARA 302                  | Not Listed                                        |
| SARA 304                  | Not Listed                                        |
| SARA 311                  | No SARA Hazards                                   |
| SARA 312                  | No SARA Hazards                                   |
| SARA 313                  | Not Listed                                        |
| WHMIS Canada              | Not Listed                                        |
